ABOUT OOWA

The Ontario Onsite Wastewater Association (OOWA) is dedicated to representing and educating members within the onsite and decentralized wastewater community in Ontario. OOWA has become the most trusted source of industry information and best practice resources. Our members are among the most well respected practitioners in the industry: educators, regulators, engineers, contractors, manufacturers, suppliers, service providers, and other parties dedicated to providing the best onsite wastewater industry services available, while working to preserve Ontario's water resources and environment.

ABOUT THE CONVENTION

OOWA's annual conference has been steadily growing over the last 20 years. This annual event brings together all categories of professionals within the onsite and decentralized industry. This year's event will be hosted at the Deerhurst Resort to allow for an all-in-one event venue and hotel accommodation. All breaks, lunches and morning receptions will be held in the middle of the exhibit hall, ensuring ongoing foot traffic throughout the course of the convention. This event is Ontario's largest within the industry, and will draw hundreds of delegates as well as government representatives and international participants. No other event in Canada puts you in touch with this many industry decisions makers.
