

**The Ontario Onsite Wastewater Association is a not-for-profit association dedicated to promoting the value of onsite and decentralized wastewater management through education, improved standards of practice, and advocacy for sound policies.**

Together with our partners from the private and public sectors, OOWA has been providing technical information and best practice guidance to the onsite industry and system owners for over 20 years.

OOWA forms the critical link between dedicated industry professionals and a healthy environment.

**For more information about the association, or to become a member, visit our website [www.oowa.org](http://www.oowa.org)**

## OOWA Membership Benefit Partners

These businesses offer exclusive discounts to all OOWA members.

OOWA is always working to find more discounts to add to our current offerings.

ESTABLISHED IN 1999

## An Industry Professional's Guide to Membership

**Are you a member?**
