## **Job Title: Field Technician**

*Are you a hands-on problem solver who enjoys working outdoors? Are you eager to learn and grow in a dynamic team environment where your contributions directly impact our success? If protecting water resources and working with cutting-edge technology excites you, let's talk about your future with Bergmann North America (BNA)!*

### **About Us:**

Bergmann North America, based in Kitchener, ON, is an owner-operated business focused on designing, manufacturing, installing, and maintaining residential and commercial wastewater treatment systems. Our core values include protecting water resources, leading in innovative and sustainable solutions, teamwork, client partnership, quality commitment, and upholding community responsibility.

### **Your core responsibilities:**

- Assist with installing wastewater treatment plants
- Operate and maintain existing treatment plants

### **What you bring:**

- Positive attitude, eagerness to learn and enthusiasm for problem-solving
- Commitment to quality workmanship in a fast-paced, demanding environment
- Safely work with hand tools, power tools, and materials (i.e. drills, sawzall, pipe threader, glue, etc.) in an outdoor construction site environment
- Capability to work independently and as part of a team
- Willingness to work outdoors in all seasons
- Timely and legible completion of daily reports on construction progress and/or plant operations
- Organization skills to manage per-job parts lists and track tools, materials and time
- Assist with organizing equipment, materials and inventory in our warehouse
- Perform diagnostics, repair, maintenance, and service of systems and equipment as per specifications/instruction
- Safely operate company vehicles with a valid driver's license and clean abstract
- Maintain a stocked, organized and clean work van
- Physical capability of performing all required tasks
- Plumbing and/or service technician experience in wastewater treatment and forklift experience an asset but not required
- Other duties as assigned

**We Offer:**

- Competitive wages
- Comprehensive benefits package with RRSP matching
- In-house and on-the-job training
- Team environment and company events
- All tools provided
- Safety boots and PPE provided

**Schedule:**

- Monday to Friday 7:00 – 3:00 or 8:00 – 4:00 (seasonally). Overtime and early starts will be required.

Join us at BNA and be part of a team dedicated to innovative wastewater solutions and environmental stewardship. Apply today!

Email your resume with cover letter to Ian Robinson: [ian@bna-inc.ca](mailto:ian@bna-inc.ca)

*While we thank all applicants for your interest, only those selected for an interview will be contacted.*
