

Make-Way Environmental Technologies Inc. was established in 1996 serving the Onsite wastewater market in Ontario. Our head office is located in Exeter, Ontario and we service the province. We sell and service Advanced onsite sewage treatment systems.

Our company continues to grow and so we have an immediate opening for a Service Technician. This position is permanent and full time.

**Start Date: March 23, 2026**

**What we are looking for:**

- An outgoing attitude to make daily service calls
- Willingness to travel within Ontario
- Self motivation with little supervision
- Willingness to work in inclement weather, i.e. rain.
- Able to handle small power tools
- Strong problem-solving skills
- Understanding the use of a CRM
- BCIN and knowledge of Part 8 of the OBC. (we will train).

**What we offer:**

- Competitive wage
- Company vehicle
- Comprehensive employee benefit package
- Continued training
- Company laptop, smart phone if required
- All necessary tools.

Make-Way offers an excellent line of products that are well established within the marketplace. There is a lot of opportunity with Make-Way so come and grow with us.
